RUSSIANS HEMMED IN BY JAPANESE

Fighting Now Resembles Siege More Than A Battle.

RUSSIANS DEFEAT INEVITABLE

Dispatch from the Front Indicate that Big Battle Is Very Favorable to Mikado's Army—Czar's Men Giving Way to Kuroki.

General Kuroki's Headquarters in the Field, via Fushun, March 8.—Morning—The Russians last night under cover of the darkness evacuated the whole line along the shakhe river and are now in full retreat northward. The Japanese infantry is pressing them closely.

Before retreating the Russians set fire to great heaps of supplies, which burned throughout the night. The fall of Mukden appears imminent. The Japanese are pushing the Russians hard on the east.

General Kuroki's Headquarters in the Field, March 7, via Fusan—Delayed in Transmission.—The last day of the Japanese attacks finds the battle progressing favorably.

Its long duration was expected, and it will probably continue several days more before it is concluded. The Japanese forces have nearly reached Mukden, within 2 miles of the railway, and is bombarding strongly.

The Russians everywhere are making desperate resistance, frequently trying offensive operations and arranging every defensive device known to modern warfare. The fighting resembles a siege more than a battle. The past two nights there has been hard fighting in front and east of Witosan. The infantry were closely engaged, while the Russian batteries shelled the trenches and star shells were used to illuminate the battlefield. Hand grenades are used frequently at close range.

Japanese Pursuing Enemy.

Tokio, March 8—4 p. m.—The following dispatch has just been received from the headquarters of the Japanese armies in Manchuria:

"Our force, which has been engaging a superior force of the enemy in the neighborhood of Machuntian (southeast of Mukden) dislodged the enemy from his position at 8 o'clock this morning and is now pursuing him northward.

News from Japanese Capital.

Tokio, March 8.—Noon.—Imperial army headquarters makes the following announcement today:

In the direction of Sing King on the morning of March 6, our force advanced toward Huaijen. It first occupied Pinshihhata, and then Hualjen.

The situation in the direction of Tieta and Maichuntun is unchanged.

In the direction of the Shakhe river, east of the railway at 3 o'clock in the morning of March 7, the enemy's infantry attacked the heights north of Tunchiatun, but were repulsed. The enemy left 30 dead on the field. At 2 o'clock on the mornig of March 7 the enemy's artillery concentrated its fire on the lines between Ta mountain and Wan Pao mountain, and a large body of infantry attacked us, but was entirely repulsed at 4:30 o'clock.

West of the railway we occupied east Hanchenpao at 11 a. m. on March 7, and later we repulsed an attempt of the enemy to retake the right bank of the Hun river.

There are indications of the enemy's gradual reinforcement and of a gathering of troops in the vicinity of Yangshitun, 7 miles southwest of Mukden.

News at St. Petersburg.

St. Petersburg, March 8.—1:50 p. m.—Tokio dispatches anouncing that General Kuroki is making progress and had already approached a point 14 miles south of Fushun yesterday showing that Lieutenant General Linevitch, commander of the first Manchurian army, is again giving way. Is the latest and worst word which reached St. Petersburg this morning of the situation at the front.

The Associated Press is now in a position to positively deny the current rumors that General Kuropatkin's line of communication have been cut. Within an hour a cipher dispatch from Kuropatkin to Emperor Nicholas containing a report of the day's operations has arrived and is now being transmitted to Tsarskoe-Selo. Its contents are unknown except that Kuropatkin at nightfall still held Mukden.

With the fate of the gigantic struggle between General Kuropatkin and Field Marshal Oyama probably already decided, and it is now 7 o'clock at night in Mukden and with the St. Petersburg waiting breathlessly for news, oppressive silence reigns. No private or press dispatches giving news of today's battle have yet arrived here and the mere fact that the curtain is run down, taking a leaf out of past experiences, is pessimistically interpreted. There are ugly rumors circulated in the streets that the day is lost and that the Russian army is in full and disorderly retreat with only the gallant rear guard fighting off the victorious Japanese.

STANFORD INQUEST FINISHED.

Attorney General Had an Idea She Committed Suicide.

Honolulu, March 9.—The testimony of the chemists in the inquest on Mrs. Stanford's death practically completes the case for the jury and tonight witnesses will sign the transcripts of their testimony in the presence of the jury.

Attorney General Andrews is said to have been directing his actions with the idea of bringing out the probability of the suicide of Mrs. Stanford, using as the basis of such theory the fact that Mrs. Stanford in San Francisco became acquainted with the extreme bitterness of strychnine, yet made no remark on the night of her death that she had experienced the same taste in the medicine which is said to have caused the end of her life.

'Frisco Police Deny Rumor.

San Francisco, March 9.—The police authorities have deemed it necessary to deny the persistent rumors afloat that they found strychnine in Mrs. Stanford's residence here. Acting Chief of Police Sprague has given out a statement that no strychnine was found in Mrs. Stanford's residence.

FOUR MINERS DASHED TO DEATH.

Were Going Down Incline When Car Got Beyond Control.

Charleston, W. Va., March 9.—At Shrewsbury, a minnig village 16 miles above here, a mine car loaded with coal and carrying ten workmen who were coming from the mine, dashed 1,000 feet down an incline, killing four of the miners and injuring four others. The dead are:

Andrew Hunt, aged 35, married.
William McSurley, aged 18.
John McSurley, aged 17.
Ed McGlothian, 19.

The men were riding down to their homes when the rope pulled out of the dead eye end, of the drawhead and the car descended like lightning to the bottom of the incline 1,000 feet below.

Two of the ten men jumped as soon as the car was released, and were unhurt. Others jumped later and were injured more or less severely. Four stayed until the car smashed into the tipple demolishing it and being itself destroyed.

Actress Seriously Burned.

Chicago, March 9.—According to a dispatch to the Chronicle from Edwardsville, Ill., Victory Bateman, the well known actress who has appeared before the public frequently as a member of a stock company, has been seriously burned in a hotel fire there. The dispatch gives no details.

Gillespie Murder Case Postponed.

Rising Sun, Ind., March 9.—The trial of Myron Bancourt, his wife and Mrs. Belle Seward, charged with complicity in the murder of Elizabeth Gillespie by her twin brother, has been postponed until the supreme court passes upon the motion of James Gillespie for a new trial.

NEW YORK STILL IN THROES OF STRIKE

Street Car Trouble Is Causing Great Inconvenience.

NEITHER SIDE SHOWS WEAKNESS

Railway Officials Say that They Are Better Prepared Now to Handle Traffic—Strike Leaders Claim They Will Get Their Demands.

New York, March 9.—The second day of the strike on the subway and electric lines began with little change from yesterday's conditions. Trains were running in the subway and there was some improvement shown in the service on the elevated, but the trains carried comparatively few passengers and the greater part of the down town traffic was handled by the surface lines. The Metropolitan street railway put out every trolley car available into service and tried hard to handle the crowds.

There seemed to be nothing for the public to do but to get about as haphazardly during the day and the night as they did yesterday. All during the night the Second and Ninth avenue branches of the elevated were tied up almost completely. The Sixth avenue line, however, made a good record and the subway ran trains with considerable regularity. There was no sign of giving way by either side when the day opened. The interborough officials said they were in a better position than yesterday that they would run more trains today and that the situation is growing better for the company had done its best yesterday and from now on it would be increasingly difficult for the officials to operate the subway and elevated lines. No attempt was made to maintain schedules either on the elevated or subway lines during the night, but as early as 3 o'clock this morning preparations for attempting to handle the rush hour crowds were begun. In the subway there was about the same as yesterday, and when the down town tide was at its height trains were sent away from Ninety-sixth street every eight minutes. About that point the service was irregular. The best showing made by the Interborough company today was on its Sixth avenue elevated line.

George E. Pepper, president of the Amalgamated Association of Electric and Street Railway Employes, said today:

"We were only skirmishing yesterday. We are going to do business today—we will make the fur fly for sure. It's a foregone conclusion.

"I am dissatisfied with the working of the police and will make a protest to Commissioner McAdoo. We have counselled perfect order during the strike, and if one of the strikers is guilty of violence he should be punished by the organization and sent to the state prison. Any violence done so far has been done by sympathizers, and not by the members of the union. The success or failure of the strike depends on public opinion. We have public opinion now, and will hold it."

John McManus, of Louisville, Ky., conductor of a train which collided in a subway at Twenty-third stret last night, was held in $2,000 bond for examination when arraigned in court today.

He is charged with felonious assault in that while assisting in the operation of the second train, his negligence, carelessness and incompetency caused the collision. The motorman of the train disappeared immediately after the accident and has not been found. He came from Columbus, O., and has gone back to that city, it is supposed.

The representative of the Interborough company who appeared as counsel for McManus, said that he held the missing motorman to be responsible for the accident. The motorman he said twice narrowly missed similar accidents through his carelessness before the Twenty-third street accident.

The city bureau of combustibles will examine a package containing a small heavy leather covered ball which was found on a northbound Lenox avenue subway train today to determine whether or not it contains explosives.

ROOSEVELT NAMES DEMOCRAT.

President Tenders Hon. Carter Tate Office of District Attorney.

Washington, March 9.—Attorney General Moody stated on Tuesday that he had, on behalf of the president tendered to Hon. Carter Tate the office of district attorney of the northern district of Georgia, now held by Hon. Edgar Angier. The place comes to him entirely unsolicited.

Coming as it does, Mr. Tate's friends here see no reason why he should not accept it. It comes solely as the result of the personal admiration of President Roosevelt for him, and of his close personal friendship with Attorney General Moody and Secretary of Commerce Metcalf, both of whom served in congress with him.

Mr. Tate took the matter under advisement. His close friends have strongly urged him to accept the place, coming as it does, to him entirely without any suggestion of solicitation on his part, and without involving in the least his own politics.

It is believed Mr. Tate will accept. This appointment is regarded here as in line with the president's determination to place in the district attorneyships throughout the country men who public careers have demonstrated their ability to be of positive assistance in carrying out his policy of making effective the laws against trusts and monopolies. It is his purpose to see that officials of the department of justice, especially district attorneys are aggressive in using the power of their offices to this end.

THREATENED WITH REVOLUTION

Several Central American Republics On Verge of Uprisings.

San Francisco, March 9.—According to a report brought from Central American by the steamer Acapulco, just arrived at this port, revolutions are threatened in Guatemala, and also in Nicaragua.

President Cabrera of Guatemala, and President Zelaya of Nicaragua are said to be very unpopular with the masses in their respective countries. Cabrera is trying to avoid trouble by opening up the new railroad to the gulf coast; which is expected to stimulate trade. In Nacaragua the situation is said to be greatly strained over the new law compelling priests to appear in citizen's clothes instead of in Cassocks. The church party is very strong throughout the country, and the law dictating the style of garb for the church leaders has from the first met with strenuous opposition.

CONTEST BUCKET SHOP BILL.

Measure Will Be Fought—Divorce Law of North State Please Many.

Raleigh, N. C., March 9.—The anti-bucket shop bill, passed by the legislature, allows cotton mill men to deal in futures, this amendment having been secured by Senator Eller in the interest of the mill men.

The bucket shop people, as they are popularly known, say the new law is worthless, because it is class legislation and hence unconstitutional and say they will continue business and let a test case be made.

The divorce law which has been enacted by the legislature gives more satisfaction than anything in that line which has been done in a score of years, and it annuls a long string of special laws, enacted to cover particular cases in the interest of people who wished to take another husband or wife.

Another Victim of Mine Disaster.

Birmingham, Ala., March 9.—The body of Joseph Posey, negro, was brought from the Virginia City mines Monday, making the 110th brought from its depths since the catastrophe when 115 to 120 miners were entombed and lost their lives by a dust explosion. The water has been reduced and all the remaining bodies will be brought to the surface in the next day or so. The body of Posey was not apparently decomposed, but as soon as it struck fresh air it, went rapidly into decomposition.

CROWDS FLOCK TO CHADWICK TRIAL

Despite Snow and Sleet Court Room Is Crowded.

EXAMINING THE BANK OFFICIALS

United States District Attorney Is Working Hard to Prove Conspiracy Against National Bank Laws—Trial Creates Unusual Interest.

Cleveland, O., March 9.—Despite a most disagreable snow and sleet storm the federal court room was crowded to the limit when the trial of Mrs. Chadwick was resumed this morning.

Receiver Lyons, of the Oberlin bank who was on the stand at adjournment yesterday was the first witness. He was shown by District Attorney Sullivan a number of checks drawn by Mrs. Chadwick on the Oberlin bank, and certified by Beckwith and Spear. He testified that the books of the bank did not show that on any of the dates when the checks were drawn any money or credit of any kind belonging to the defendant. There was nothing in the bank, he declared, against which the checks could be legally honored by the bank.

District Attorney Sullivan handed the witness two drafts made on the importers and Traders' National bank by the Oberlin bank aggregating $80,000 made in favor of Mrs. Chadwick, and asked him if, on the date of their issue, any money was in the bank to her credit.

The defense objected to the drafts because they had not been mentioned in the indictment. District Attorney Sullivan argued vehemently that the witness be allowed to answer. The drafts were dated Aug. 24, 1900, and he declared the books of the Oberlin bank showed no mention of the drafts until Sept. 29, 1900. It was vital to the charge of conspiracy, he argued, that the government be allowed to show that Mrs. Chadwick, while not having a dollar in the Oberlin bank had drawn from it $80,000, and that this amount was for one month and five days carried on the books of the Oberlin bank as being in New York when it actually was in the hands of Mrs. Chadwick.

Mr. Dawley protested against the introduction of the drafts energetically and the district attorney replied to his objection in strong fashion.

Judge Taylor ruled that inasmuch as the two drafts were dated on Aug. 24, 1903, the same day as a certified check for $12,500 was given to Mrs. Chadwick, the three papers were part of the same transaction and the question was permissible.

Receiver Lyons stated that no entry of the drafts appeared on the books of the bank until Sept. 29, 1903, and that between the two dates Mrs. Chadwick had neither money nor credit in the Oberlin bank.

Alice Webb-Duke's Notes.

New York, March 9.—Judgment for $10,879 was entered against Alice L. Webb, now known as Alice L. Duke, wife of Brodie L. Duke, in favor of the German National bank of Little Rock, Ark., for the amount now due on two notes. These were made by her as Alice L. Webb, and by Charles F. Taylor in Chicago on Feb. 8, 1904, for $5,000 each, payable five and six months after date to the order of the Pritchard Neimewer Lumber company of Chicago. They were not paid at maturity. The summons was served upon her on Dec. 27 at the Park Avenue hotel.

Eight-Year-Old Boy Kills Baby.

Natick, R. I., March 9.—A ten-month-old child of A. Spirito, a mill operative, was shot and killed by its eight-year-old brother while the boy was playing with a pistol. The boy, who disappeared after the shooting, was found in a mill, where he had been hiding 12 hours. He said he did not intend to shoot the baby.

RICHARD B. MAUGHS IN TOILS OF LAW

Former Gainesville Man Charged With Murder in California.

KILLED RANCHMAN EMPLOYER

Sheriff of Merced County, California, Writes to Parties Here for Information Regarding Man, Who is Now Confined in Prison.

Richard B. Maughs, many years ago a resident of this city, and who married a young lady here, is in trouble in California, and now occupies a cell in the jail of Merced county upon the serious charge of killing his employer, a wealthy ranchman.

Maughs was well known in this city and section in his time, which was along in the nineties. He was a hale fellow well met, but never made much of a success of life, probably owing to his generosity when he had money. He would think nothing of entering a saloon and inviting the crowd to "join him" when he was financially in a position to do so.

About two months after his marriage Maughs deserted his young wife, and afterwards a child was born to them. He went to Texas, where all trace of him was lost until a few days ago, when H. F. Dutton received the following letter from Sheriff John S. Swan of Merced county, California:

"I herewith enclose you photograph and description of one who calls himself Richard B. Maughs, or Moss, who we have now confined in our county jail on a charge of murder.

"Maughs was working for a young man by the name of Zanders, who resided on his ranch in the coast range, in a very remote part of this country, in the capacity of cook. On Sunday, January 15, it seems from no provocation to speak of, Maughs shot young Zanders with a 44-Colts pistol, killing him instantly.

* * * * * * *

"The reason I write you regarding this man, I find that he has in his possession a bank deposit book with your bank in the name of Mrs. S. M. Riggs, and date of last entry was May 1, 1903.

"Maughs claims he has been among the Indians a great deal, and the gunshot wounds described were caused from fighting Indians. He has a fair education, and has been around a great deal. He is a great boaster."

The description accompanies this letter, and is as follows: "No. 885, Merced county jail; Richard B. Maughs, alias Richare B. Moss; nativity Missouri; complexion, medium ruddy; hair, chestnut and gray; eyes, light blue; eyebrows, light; mustache, light; age, 55; height, 5 feet, 10½ inches; occupation, all-round man; habits, moderate drinker and smokes; size of foot, 6½; high forehead, slightly bald in front, dim scar of two inches center of forehead, several dim scars on forehead between eyes; mole outside right eye; deep gunshot wound right side under jaw; gunshot wound right leg about one foot above knee; left leg shorter than right; short chin.

The photograph accompanied this description, and notwithstanding that the prisoner alleged to be Mr. Maughs is now fifty-five years of age, and has grown a mustache, old acquaintances here see a familiarity of features which prompts them to declare the California authorities have the right man.

THE GROUND BROKEN.

Diamond Ice Company Will Soon Have a New Plant at Alachua.

Ground has been broken for the new ice factory, which will be erected by the Diamond Ice Company at Alachua, and the building will be pushed rapidly to completion. The contract for the wood work has been let to A. E. Wittstock, and the brick work will be executed by E. C. McMahan. It is proposed to complete the building by April 20.

The plant, for which Manager Livingston says the order has already been placed, will be a fifteen-ton machine, modern in every respect.

White Man Crushed to Death.

Montgomery, Ala., March. 9.—Thomas Hines, a young man whose home is at Highland Park, was the victim of a fatal accident. While serving as a motorman for the Montgomery street railway he was knocked from his car and had both legs crushed off below the knees. He was taken at once to St. Margaret hospital, where double amputation was performed.

OLD AGE

Not a Time of Life, or Length of Years, but a Condition of Bodily Tissues.

said a celebrated London physician, and just so long as the bodily tissues can be kept from wasting and built up, just so long can old age be kept at bay, and people will be alert, alive, active and young.

Our well known druggist, Mr. W. M. Johnson, says: "Our cod liver oil preparation, Vinol, is the greatest tissue builder and invigorator in the world for old people. There is nothing else known to medicine that can equal it, because Vinol contains in a concentrated form all of the body-building, life-giving principles of cod liver oil actually taken from fresh cods' livers, and is not a stimulant which produces bad after effects. We have letter upon letter from grateful old people, whom Vinol has strenthened and blessed with robust health. Vinol invigorates the stomach first of all, enabling it to separate from the food the elements needed for rich, red blood, healthy body material and sound, steady nerves. In this way it repairs worn tissues, checks the natural decline and replaces weakness with strength."

Mr. A. J. Barker of Evansville, Indiana, says there is no other medicine in the world equal to Vinol for old people. He would not take a thousand dollars for the good it has done him.

The grand-niece of Alexander Hamilton, Mrs. Sarah J. Windrom, says: "Vinol is a godsend to old people." She is seventy-six years old, and is active and well, thanks to the vitalizing effects of Vinol.

We wish every man or woman in Gainesville who "feels old," whether they are so in years or not, would try Vinol on our guarantee to return their money if they are not satisfied after using it. W. M. Johnson, druggist.

GRAND RAPIDS HAS BIG FIRE.

One Man Trown from Sixth Story of Building and Is Killed.

Cedar Rapids, Iowa, March 9.—One man thrown from the sixth story of a building to the pavement was the only fatality in the $1,500,000 fire which occurred in this city during last night, in the American Cereal plant.

John Safely, the night watchman, had gone to the sixth story of the hull house to examine the condition of the floor when an explosion occurred. Safely was either thrown out of the building or else jumped to the pavement below. He was crushed beyond recognition. The fire was still burning this morning, and was easting its way through the new mill, 150 feet of which had already been destroyed.

The whole structure is doomed. The entire loss will reach $1,500,000, while the official list of insurance amounts to $300,000.

The fire departments from Belle Plain, Vinton and neighboring points, are here assisting the local force to confine the flames to the cereal plant.

Leaped from Fourth Story.

Chicago, March 8.—Under the impression that he was being hypnotized, James McK. Gordon, 35 years old, has leaped from the fourth floor of McCoy's hotel, landing on the sidewalk, and receiving injuries that caused his death an hour later. Earlier in the day Gordon cut himself in the head and chest while sitting at a table in the hotel dining room. He had shown signs of insanity while on a train with his wife coming from California. Gordon went west to invest in land. He met reverses and worry from this cause is said to have brought on insanity.

WOMAN FAINTS IN COURT.

Mrs. Chadwick's Illness Causes a Temporary Stop in Her Trial.

Cleveland, March 8.—Mrs. Chadwick came into the court this morning apparently none the worse for her illness, which caused the adjournment of court yesterday afternoon. She wore the same gown of black and white, as on her first appearance, but had added a long gray veil.

Andrew Carnegie was not in court.

E. H. Holter, of Oberlin, who was on the stand yesterday when the adjournment was taken, was called again. He was a director of the Citizens' National Bank of Oberlin. He was asked what knowledge he had of any transactions carried on by Mrs. Chadwick's attorneys was allowed to answer. He said he knew nothing of any on them until Nov. 27, 1904.

J. F. Randolph, of Oberlin, also a director of the Oberlin bank, gave evidence similar to that of Mr. Holter. He was asked if he was a member of the finance committee of the bank and answered:

"I do not know that I am except by hearsay."

C. P. Doolittle, an instructor in Oberlin college, and also a director of the bank, testified that at all meetings of directors the minutes of the last preceding meeting were read by Cashier Spear, as well as the discount book. He never knew of any dealings between the bank and Mrs. Chadwick until the day before the bank closed. None of the Chadwick deals was ever reported by Mr. Spear to the directors.

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some uterine derangement. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the ablest specialists agree that it is the most universally successful remedy for woman's ills known to medicine.

The following letters from Mrs. Holmes and Mrs. Cotrely are among the many thousands which Mrs. Pinkham has received this year from those whom she has relieved.

Surely such testimony is convincing.

Mrs. J. C. Holmes, of Larimore, North Dakota, writes:

Dear Mrs. Pinkham:—

"I have suffered everything with backache and womb trouble—I let the trouble run on until my system was in such a condition that I was unable to be about, and then it was I commenced to use Lydia E. Pinkham's Vegetable Compound. If I had only known how much suffering I would have saved, I should have taken it months sooner—for a few weeks' treatment made me well and strong. My backaches and headaches are all gone and I suffer no pain at my menstrual periods, whereas before I took Lydia E. Pinkham's Vegetable Compound I suffered intense pain."

Mrs. Emma Cotrely, 109 East 12th Street, New York City, writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell all suffering women of the relief I have found in Lydia E. Pinkham's Vegetable Compound. When I commenced taking the Compound I suffered everything with backaches, headaches, menstrual and ovarian troubles. I am completely cured and enjoy the best of health, and I owe it all to you."

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it. Her advice and medicine have restored to health more than one hundred thousand women.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

THE CHAUTAUQUA.

Miss LaDell and the Tri-Century Concert Company Furnish Program.

The nineth day of the Chautauqua was made up of two programs of literary and musical numbers, and the audiences were highly entertained.

At the afternoon entertainment Miss Marrietta LaDell, the brilliant young lady reader, gave a varied program that was highly pleasing. She has won the admiration of the most critical with her careful interpretation of her selections. In the rendering of her Scotch dialect number she showed her mastery of the dialect. She was assisted by Miss Rhea Hall Behymer, who favored the audience with a contralto solo, and responded to an encore by singing "My Old Kentucky Home." Miss Cunningham as accompanist.

Evening Session.

At the evening performance the Tri-Century Concert Company gave another of their musical and literary programs. Although they have been suffering from slight colds and not in a mood to put forth their best effort, the entertainment was quite up to the standard of their first night's appearance. The program was made up of popular numbers, and the last portion was devoted to Miss LaDell in some of her choicest selections.

The program for today was not completed early last evening, but the people can rest assured that Dr. Strouse will have the best obtainable at 2:30 and 8 p. m., and a surprise at 9 o'clock.

HOSPITAL NURSES STRIKE.

With 98 Patients on Hand Grady Hospital Has Only Five Nurses.

Atlanta, March 9.—There are only five nurses at work in the Grady hospital today and an effort is being made to adjust the differences that exist between the nurses and who have resigned and Miss McGroarity, who is the superintendent of nurses.

Just what the result is to be can not be told, but the situation is a serious one.

The hospital is filled with patients who are constantly in need of attention and the loss of the nurses is a problem that will have to be solved at once.

Miss McGroarity has offered to resign, it is said, but officials of the hospital have told her not to do so.

There are today 98 patients in the hospital and only five nurses to care for them.

The strike, for it seems to be that, was precipitated by a meeting of the nurses held Tuesday night at which they put the question straight to the board of trustees that something had to be done, and that at once.

They refused to continue at the hospital unless changes were made.

They claim that Miss Groarity has been entirely too severe on them and that there must be a change.

THREE DEATHS BY DROWNING.

Young People go Boating and Boat Capsizes—Bodies Recovered.

Sanford, Fla., March 9.—Miss Margaret Looney, of Thomasville, Ga., while boat riding on Lake Monroe, lost her life, and with her Otto McElrop and Reese Boyd, of Sanford were drowned.

The young people left the dock at 10:30 p. m. in a small row boat.

Screams were heard on the lake soon after, but their friends on the dock supposed the young men were simply trying to frighten the young lady and never dreamed of the true condition.

Alarmed by the long absence of the party, a boat was secured and searchers went out, but found nothing. At daylight Monday morning the boat was found upturned not a hundred yards from shallow water and the three dead boies were dragged from beneath the boat.

Miss Looney leaves a sorrowing family in Thomasville.

Young McElroy's people live in Birmingham, Ala. Reese Boyd leaves a mother here. The whole town is in gloom.

Turfmen to Meet.

Louisville, March 9.—Matt J. Winn, president of the National Turf association, called a meeting of that body for next Tuesday in Chicago to confirm recently allotted dates and go over the rules and by-laws recently adopted at the New Orleans meeting. Mr. Winn was asked if any action would be taken regarding the outlawing of a number of horsemen by the Western Jockey club. "No, we will not recognize or take any notice of that action," said Mr. Winn. "It is a stupendous joke."

Police Escort to Church.

Charlotte, N. C., March 9.—The young women of the Presbyterian college were escorted from the First Presbyterian church to the college by the police on acount of the annoyance caused by a certain set of young men of the city who have persisted in forcing their attentions on the college girls. The molestations of the young men have became such a nuisance that the college authorities finally appealed to the police to protect them from the town flirts.

White Man Pays Penalty of Crime in Arkansas.

Hammons enlisted in the army during the Spanish-American war and later went to the Philippines. Upon his return he married Mrs. Alice Thomas and shortly afterwards the assault on the child was committed. The supreme court refused to reverse the verdict of a lower court and Governor Davis positively refused to interfere with the execution of the sentence.

TRUSTS AND COMPETITION.

There is a point where competition ceases to be a blessing and becomes an evil, where it ceases to be right and becomes a vice, where it ceases to be the life of trade, promoting enterprise and fixing value upon the economic basis of supply and demand, and becomes a strife for extermination and thus, through "a survival of the fittest," becomes monopoly, says The Wall Street Journal.

There is a dividing line, on one side of which competition appears as the highest good of mankind, and on the other side of which it appears as odious as war and tyranny. It is this fact that makes it so difficult for some to realize that competition may be good or bad, according to the stage at which it has reached and the objects which it seeks. For instance, Gilbert H. Montague in The Atlantic Monthly argues that the growth of trusts has not altered the economic principles and ethical code of business competition. So long as fraud, disparagement or coercion is not practiced, he says, free competition by underselling, factors agreements and by the other usual trade methods is sanctioned by the law of the land and by ethics.

This raises a very interesting as well as a very practical question, for on the answer to it depends the status, local and moral, of the great corporations which we call "trusts." New methods of competition which between many houses of equal strength are beneficent and right may become vicious and immoral when used by one great corportion as against many small competitors. That competition which by economics in administration, by the introduction of new machinery or processes of production, is able to cheapen the cost and lower the price to the consumer is a healthy and legitimate competition. A competition, however, which leads to a war of prices produces demoralization alike to consumers and producers. There can be no question of the right of one producer to undersell another, provided he can do so by so reducing the cost of production as to enable him to earn a profit at the lowered price; but that kind of competition is very different from the competition which is carried on by some of the great trusts in order to drive out of business the little concerns which are still in the field against them. It is one thing for a competitor to reduce the price by reducing the cost of production; it is quite another thing for a concern of large capital to use its superior strength to exterminate competition by reducing the price of its product below the cost of production in the territory covered by its competitor. That is not competition; it is simply war—"war to the knife," war of extermination. It is not competition because it aims at monopoly. Especially odious is it when a trust is thus enabled to undersell its competitor and drive him out of the field, not merely by the power of its superior capital, but also by its power to blackmail the railroads into giving it special rates which are denied to its smaller rivals.

There is something both ethically and economically wrong in the act of a producer selling goods below cost. Such an act benefits neither business as a whole nor in the long run the consumers. The consumer gets a temporary benefit at the expense of an ultimate dependence upon one source of supply. The sale of products below cost means utlimately the extermination of every producing agency except the one which has the longest pocketbook. The survivor of such a contest then has the whole field to himself and the consumer is at his mercy.

It is quite evident, therefore, that the immense changes which have taken place in the business of the world in the past few years have in a measure produced a corresponding change in the moral aspect of business. It is true, up to a certain point, that a new code of ethics is established. One article of this code is that it is not right for a corporation to drive out a smaller competitor by selling goods in that competitor's field below the cost of production. Such an act is an act of coercion and of war. It means force just the same as if an armed body had attacked the small competitor, destroyed his factory and driven his workmen away. And such an act is wrong. It is opposed to reason, to economics and to ethics.

Florida, a monthly publication issued by the F. A. Davis Company, with offices at Philadelphia and St. Petersburg, Fla., will be devoted to the interests of the State of Florida. It is neatly printed and ably edited, with an illustrated cover, containing several colored illustrations of scenes in the Sunny Land of Flowers. The field is broad and it will certainly have an opportunity to exert unusual efforts in covering it. The price is fifty cents a year.

The Orlando Driving Park Association will give a race meeting March 21, 22, 23 and 24, 1905, and two races a day will be given each day except the last, which will include polo and a running race. It is intended to make this a Derby occasion, but there will be no pool-selling on the grounds. The Osceola stock farm track, where the races will be held, is the best half-mile course in Florida and good sport may be expected.

There is some worry among the newspapers as to what will become of the colored man if we import foreigners to work in the cotton fields. There need be no unnecessary alarm along this line. Better say what will the poor cotton growers do if the President don't stop putting the colored man in office.

J. G. Baskin of Dunnellon has been nominated for State Senator, 20th district, to fill the vacancy said to exist by the removal of Senator Brown to Dade county. E. P. Thaggard was a candidate. The election will be held on Tuesday, March 28th.

The peach crop of Georgia is being watched with great interest, and a large yield is expected. Florida will also have a good crop of this fruit, and the pear trees are now sending forth a wealth of blossoms that indicate an abundance of this fruit.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. FIRST NIGHT OF TEACHERS' INSTITUTE

Fine Program Rendered at School Auditorium Thursday Night.

A BIG CROWD WAS PRESENT

There Were Many Teachers, Representing Every Section of the County, and Many Visitors and Citizens Attended First Night's Session.

Notwithstanding the inclemency of the weather, the opening night of the Alachua County Teachers' Iastitute, which began in this city Thursday evening, was well attended, a great many having faced the disagreeable mist in order to lend their presence to the occasion.

The meetings are being held in the auditorium of the Gainesville Graded and High School, and the opening session was attended not only by teachers from various schools of the county, but by many towns-people and visitors as well. The following program was rendered Thursday night:

Session was opened by invocation by Rev. Thos. P. Hay, which was followed by an address of welcome from His Honor, Mayor W. R. Thomas. The Mayor's remarks were received with a great deal of interest, as he bade the teachers and visitors welcome to the city. The response was made by Prof. G. W. Bonner in behalf of the teachers. Professor Bonner spoke briefly but with a great deal of feeling.

The evening's program was concluded with a most interesting address by Prof. Tom F. McBeach of East Florida Seminary, who commanded the closest attention. Prof. McBeath is one of the ablest scholars and orators in Florida, and what he had to say upon this occasion enlightened the teachers and those present on many subjects.

A High Compliment.

Governor Broward has made appointments to the tuberculosis convention, which meets at the State House in Atlanta, Ga., on April 17, 18 and 19, of many delegates throughout Florida, among whom we notice Dr. N. D. Phillips and Dr. J. Harrison Hodges of this city. This is quite an honor to these gentlemen, since the convention will be comprised of the finest practicing physicians and surgeons of the country.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Washington, March 9.—The senate was in open session only five minutes today. It was referred to the committee on foreign relations. The senate at 12:05 went into executive session.

The president today sent to the senate the following nominations:

Rough Riders' Reunion Postponed.

Washington, March 9.—It has been announced that the reunion of the Rough Riders, President Roosevelt's old regiment, which had been scheduled to take place at San Antonio, Tex., on the 31st instant, had been postponed until April upon the request of the president. To attend the reunion the president had intended to leave Washington on the 27th instant, but he found that he probably might not be able to get away at so early a date. In acordance with the arrangement tentatively made now, he will leave Washington on the 4th or 5th of April.

Negro Lynched In Tennessee.

Nashville, Tenn., March 9.—Ronce Gwynn, a negro, was hanged at Tullahoma, Tenn., at an early hour this morning by unknown parties. He was take from the callaboose, where he was held on a charge of larceny, about fifty yards, and hanged to a tree. When the body was discovered it had no clothing on it, save a shirt and a pair of socks. Gwynn had been serving out a sentence for larcency, and had been out but a short time. He was also suspected of arson. The negroes of Tullahoma are reported to be greatly worked up over the lynching, and more trouble may result.

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from aneamia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by W. M. Johnson.

Attorneys Conclude in Contest.

Denver, March 8.—Argument by attorneys in the gubernatorial contest was concluded today. Beginning tomorrow the members of the general assembly will discuss the contest under the rule limiting speeches to ten minutes for each of the 97 members. The assembly probably will not take a vote on the contest until the committee appointed to investigate Senator Morgan's bribery charges has been made. The committee will meet tonight.

The Best Cough Syrup.

S. L. Apple, Ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, $1. Sold by W. M. Johnson.

NEGROES DIE ON GALLOWS.

Two Murderers Pay the Penalty of Their Crime at Rome, Ga.

Rome, Ga., March 8.—Today, between the hours of 11 and 1 o'clock Courtney Baker and Bob Sutherland will pay the penalty for their crimes. All the arrangements for the hanging have been made.

The negroes confessed to the crimes before Deputy Sheriff Broach. Sutherland fired into a crowd of negro dancers and killed a man and woman. Baker killed his wife near Cave Spring.

The negroes say they are ready to meet their fate. The death watch has been placed over them and all efforts to save their lives have so far proved futile.

Sheriff Byars will spring the trap that will send the men to their doom.

Break in Senatorial Contest.

Jefferson City, Mo., March 8.—The expected break on the senatorial deadlock came today when the joint session took its thirty-ninth ballot, five of the members changing from Niedringhaus to Congressman Richard Barthodlt, of St. Louis, two to Major Warner, of Kansas City, and two for R. C Kerens. The ballot resulted: Cockrell, 78; Niedringhaus, 57; Kerens, 17; McKinley, 5; Barthodlt, 5; Warner, 2; Dyer, 1; L. H. Lewis, 1. Another ballot was ordered.

Indian Dies at Age of 110.

Shawnee, Okla., March 8.—Klathle Harjo, a Seminole, known as "Old Fish," said to have been the oldest Indian in America, is dead at the age of one hundred and ten. He was born in the Everglades of Florida, and fought in the war of 1812 against this country, as well as in the Seminole wars. He enlisted as a volunteer soldier of the United States in the civil war and served with distinction.

Incredible Brutality.

It would have been incredible brutality if Charles F. Lemberger of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at all drug stores.

RUSSIAN GENERAL ORDERS A RETREAT

St. Petersburg Fears Kuropatkin Will Be Defeated.

A TERRIBLE BATTLE IS RAGING

Reports Say that the Russian Army Is Completely Surrounded, and a Retreat Is Impossible—The Artillery Fire Is Getting Very Heavy.

Tokio, March 7.—Noon.—It is reported that the Russians are preparing to abandon Mukden and to retreat to Tie pass.

The greatest concentration of the Russians defending the Fushun seems to be along the line from Tieta to Mancutan. General Kuropatkin continues to resolutely defend the Russian positions at Fushun. The operations in that vicinity do not indicate whether Kuropatkin intends to fight or retire, but he must hold Fushun to protect the army on the Shakne river.

Major General MacArthur, of the United States army, accompanied by his sides, Captain Charles W. West of the Eighteenth cavalry and Captain John Pershing, of the Fifteen cavalry will leave Tokio for the front March 9 as military observers with the Japanese armies. United States Minister Lloyd C. Griscomb is making arrangements for their departure, which he is expediting in every possible way.

News from St. Petersburg.

St. Petersburg, March 7.—1:59 p. m.—All hope that General Kuropatkin will be able to turn defeat into victory is rapidly vanishing. The position of the Russian army has been growing increasingly desperate during the last 24 hours. The gravest danger is from the Japanese left, which has been pushed northward on the Sinmin tin road to a point 8 miles northwest of Mukden, where it has joined a flanking column from the west around the village of Tatche Kiao, which is located at this point.

The battle raged with terrible bitterness throughout yesterday with all the reserves hurried to the scene to block the stroke at the Russian line of communications.

General Baron Kaulbars, who is defending this wing, is only able to hold his own. On account of the desperate situation there General Kuropatkin has not attempted to drive home his counter stroke at the Japanese center, and his offensive which was abortive has been abandoned. At the same time encouraged by the progress of the main turning movement west, General Kuroki again pressed forward from the east yesterday against General Linevitch, forcing the Russians to give ground.

It is rumored that Kuropatkin has already given the order to retreat and that he is gradually withdrawing forces from the center, but experts are inclined to believe that he has waited too long, that he must fight it out on his present position, and that it is impossible to extricate more than the remnants of his army.

At the war office it is said that the Japanese siege guns from Port Arthur with a range of 8 miles are causing terrible punishment. Nothing can stand up against them.

The only news received at the war office till this hour is that the battle was resumed at daylight this morning at Tatche Kiao. During the night both sides brought up additional guns and at daybreak a perfect hail of artillery projectiles filled the air. If the Japanese crush General Kaulbars today, the Russian retreat will be cut off and Kuropatkin's army will be almost surrounded There is the greatest fear that telegraphic comunication may be cut at any moment.

The public is pessimistic as usual The Liberals look forward to the complete defeat of Kuropatkin's army with equanimity on the theory that a Russian victory would stiffen the back bone of the reactionaries. According to the Liberal view, the more the government is embarrassed the more it will be obliged to yield.

Unfavorable Turn for Russians.

Gener Rennenkampf's Headquarters Oubenepuza, Monday, March 6—Midnight.—Events took an unfavorable turn for the Russians this evening. After a day of marked succession of determined attacks the Japanese ousted the Russians from an important position on the left center of the eastern army. The Japanese are also pressing the right center hard. The Russians haveboen ordered to retake the position at any cost.

There were heavy losses today on both sides.

We thought we should have to amputate both his legs, and feel that Hamlins Wizard Oil saved his life." Price 50c and $1.00.

CITY CROWDED WITH VISITORS.

New Orleans Congested with Sightseers for Mardi Gras.

New Orleans, March 8.—Carnival day opened with the skies overcast and rain threatened, but this condition had no appreciable effect in the street, which were congested with sightseers, many having come from surrounding states on the morning trains.

Before the paarde started the sun broke through the clouds and there was promise of an ideal day. There were the usual promiscuous maskers and many quaint and picturesque costumes entertained the throngs.

The pageant of Rex appeared on St. Charles avenue in the forenoon and covered four hours in traversing its route. His majesty chose for his subject idealistic queens and treated it in twenty highly decorated cars. Miss May Parkerson, the Queen of Proteus and her maids and the Queens of Rex and Comus with their maids, witnessed the display from the Boston and Pickwick clubs on Canal street, at which Rex stopped momentarily to pay his respects. The king of the Carnival was impersonated by Mr. David Hennen Morrosi, of New York and New Orleans. The carnival will culminate tonight with the annual pageant of Comus and the balls of Comus and Rex at the French opera house and the imperial palace.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

FORTY PEOPLE ARE INJURED

While No One Was Seriously Yet All of Them Narrowly Escaped Being Dashed to Death on the Pavement Below.

Chicago, March 8.—Overturning high in the air on the Lake street elevated railroad today, a passenger coach with 80 persons aboard escaped being dashed to the granite pavement below.

One woman was pinioned on the tracks within a few inches of the deadly electric third rail, and then finally extricated alive, is fatally injured.

Forty others passengers were injured, but not seriously.

The upset was caused by the car missing a switch. The car was part of an accommodation train which runs from the Canal street station of the elevated road to Madison street and the market. At Market and Lake streets the train, consisting of two coaches, was turning south, and the first car had passed over the switch safely. The trucks of the second car missed, and kept going forward in Lake street. The power was on the first car. Not until the screams of the passengers and the crash of glass were heard did the motorman know of the accident.

Instantly the power was turned off and the results were confined to the overturning of the second car which fell on its side across the tracks.

Miss Judith Strom, of Austin, In. fell out of a window and rolled under the heavy trucks of the second car, which held her shoulders to the tracks close beside the fully charged tird rail. Te screams of the unfortunate woman could be heard for more than a block.

A crowd of hundreds of people went to the rescue of Miss Strom and the other passengers.

One passenger, named J. P. Henry, had a particularly narrow escape from death. Henry was standing on the front platform of the second coach. When the car was turned over he was pitched out. His body struck the elevated structure and he was rolling off into the street below when he grasped a rail and clung desperately above the street until a fireman raised a ladder and cirried him down to safety.

Women find quick relief in Dr. Thacher's Liver and Blood Syrup.

FORMER BUTLER IS WATCHED.

Believed that One of Mrs. Stanford's Household Poisoned Her.

San Francisco, March 8.—Charles M. Beverly, formerly butler, and Mrs. M. P. Richmond, formerly maid in the Stanford household, have been closely examined by Captain of Detectives Burnett.

District Attorney Bernard and Attorney Boynton and Attorney Mountford Wilson were also present, the latter representing the Stanford estate.

Miss Grace Gilmore, a ward of the late Mrs. Stanford, said that she believed a murder had been committed and the murderer was now in this city. She refused to name whom she suspected or designate the grounds of her suspicion.

Miss Gilmore said just before Mrs Stanford left for Honolulu the latter, in conversation, said she was positive some one in her household had endeavored to poison her, but that she suspected no particular one.

Jerome B. Stanford, nephew of the late Senator Stanford, denies the statement that he intended to contest Mrs Stanford's will.

NATIONAL BANK IS SHORT.

$55,000 of Government Reserve Fund in Cincinnati Bank Missing.

Cincinnati, March 8.—The German National bank in this city is $55,000 short in its government reserve fund according to a story published here today. While this fund still contains much more money than the national banking laws prescribe, that amount has apparently been stolen from its special vaults, $50,000 in bills and $5,000 in gold.

On Dec. 13 the reserve fund was counted and found to be intact. Four weeks ago the shortage was discovered and the most thorough investigation has been carried on ever since without result. The German National is one of the strongest banks in this section, with a capital of $500,000, a surplus of half a million, undivided profits of $157,196 and total resources of nearly seven millions.

President Bohrer said the loss was comparatively small, and that it might be found later to be a matter of bookkeeping.

Negro Girl Stabs White Youth.

Atlanta, March 8.—A knife in the hands of an 8-year-old negro girl came near ending the life of a white youth last evening and the boy may yet die from the wound. A remarkable feature of the story is that the would-be young murderess made her escape. Lovick Zuber, the youth who was stabbed, lives at No. 81 Central avenue, and Corrie Hynds, the girl who used the knife, lives at 105 Central avenue, in a basement. Zuber says he was cursed by the girl and he asked her to retract her words. Instead of doing so she jerked out a knife and came toward him. He tried to get out of her reach, and while turning to walk into his house, she stabbed him in the back.

North Carolina Mill Robbed.

Charlotte, N. C., March 8.—The McAdensville mills, at McAdenville, a small station 17 miles from this city was burglarized last night and between $15,000 and $20,000 in money and certificates taken from the safe. The combination of the safe was worked, and the inner doors broke open with a war wrench. There is no clew to the robbers.

Montana Governor Won't Sign Bill.

Helena, Mont., March 8.—Governor Toole has deposited with the secretary of state, the railway commission bill with out his approval. The governor objects to the bill because it names the commissioners, holding that power is lodged with the executive.

READ THIS.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

PRISONERS ESCAPE.

Got Away From Guard at McDonald's Camp Thursday Morning.

Alfred Wilson, colored, twenty-one years of age, serving time by commitment from justice court at Newberry, escaped from the McDonald turpentine camp Thursday morning, and notwithstanding that the guard fired at the fleeing convict, it was impossible to check his progress. It is said, however, that a piece of the negro's suspender was shot off, and it is believed he was wounded.

Wilson is of ginger-cake complexion and weighs about 150 pounds. His height is five feet ten inches, and has several scars on right hip. Mr. McDonald offers a reward for his capture.

Col. and Mrs. J. B. Lloyd of Indianapolis, Ind., after spending the season pleasantly here, departed for their home yesterday. Col. Lloyd and his estimable wife have many friends here who are always pleased to see them. The season just closed makes their eighteenth visit to Gainesville within the past quarter of a century, and they expect to return again in the early winter. Col. Lloyd, who is a conservative business man, says he firmly believes Gainesville to be the best town of its size in the South. He feels almost as if this was his home, and delights in the great improvements in every way within the past two or three years. He believes that real estate values are now fixed, and that the growth is a steady and substantial one.
